

Reference Letter

Tunis, August 18, 2016

To whom it may concern,

It is my pleasure to recommend Mr Bassem Amous to your company as a gifted Software Developer. I have no doubts that he will be a great match for the development company that will hire him.

Mr Bassem Amous was employed as Trainee Web Developer with this organization from June 16th to August 18th, 2016.

He was assigned to a gruesome redesign project that aimed to overhaul the entire web back-end of a retail system.

Not only was he able to implement new workflows and make PHP, CSS Bootstrap, Ajax, jQuery and HTML5 work together nicely, he challenged the existing code and made sure to optimize it. He proved to have a knack in designing the best ergonomics and user experience. He is also highly reliable and dependable and great in written and oral communications.

Bassem is dedicated, intelligent, responsible and he has consistently never missed a deadline. I recommend him without any reservation.

If you need further insight into why Bassem should be your next software developer, please feel free to call me at +216 53 26 57 57 or email me at nabil.benkirane@irsell.tn.

Yours faithfully,

Nabil Benkirane
